

Dear FCC

Please do not implement a law that would lessen Indiana telephone privacy law. I used to receive 4 to 5 calls a day, they were disrupting my life. I have a mother 84 years old and I feel obligated to answer the phone because it could be an emergency.

I work the midnight shift and I would always feel guilty worrying that I might be needed. My sleep patterns are so much better now I really appreciate Indiana telephone privacy law. Please do not do anything that would bring back the harrassing calls. I believe 10 pounds of junk mail is all of the free speech I can stand.
